Indianapolis Failed to Reach Minneapolis on Time to Play Yesterday. Manager Watkins telegraphed yesterday afternoon to President Golt from some place in Minnesota that a washout had deor later. As it is 570 miles from Kansas City to Minneapolls, it was a risky thing to wait until Monday night before leaving the the champions disappointed a crowd at 1,500, for the sake of playing to 700 people at Kansas City. Of course, Manager Watkins expected to reach Minneapolis in time, and was, no doubt, given every assurance by the railroad people that he would do so. It was a big chance to take, and with the possibility of a forfeited game, it is surprising that Manager Watkins took it. However, Minneapolis is very friendly towards Indianapolis, and it is possible the game may not be lost. Where detained by an accident, the Western League rules provide that there shall be no forfeit.

Supposed to Be a Hungarian Ex-Army Offider of Prominence.

SAN FRANCISCO, May 19.-Joseph E. Blanther, the ex-Hungarian army officer, who is suspected of cutting the throat of Mrs. Langfeld, an aged woman, is still among the missing. His movements up to Saturday morning have been traced, but after that time his disappearance has been complete. It is known that Blanther went to his room late Friday night. He met young man named Dodge Saturday morning and they went across the bay to Oakland on the 10 o'clock boat. There they separated, and the police are inclined to believe that Blanther returned to San Fran-Joseph Blanther, the suspected, was a

The most nighly illuminated imperial order of Dec. 12, 1878, conferring knighthood, a crest and a coat of arms, on Joseph Blanther, who is described as first lieutenant in the Sixty-fifth Austrian Infantry, commanded by the Archduke Ludwig Victor. This document interests the police here mostly in the fact that it fixes beyond a doubt the age of Blanther at thirty-seven years. He was born in 1859 at Rankolburg, in Steimart. He must have descended from a good family to get such a berth as first lieutenant in the Archduke's regiment when only nineteen years of age. Previous to that he had evidently done some peculiarly not worthy evidently done some peculiarly noteworthy action for the highly prized iron cross of the third order had already been conferred upon him. Later on, from other papers found among Blanther's effects, it would appear that he was with his regiment at Sangkok, Siam, with the title of major, or by some special act of bravery the attention of King Humbert was attracted to the Knight Von Blanther. Among other documents found by the police is one bearing the royal seal of Italy, whereby knighthood in the Order of the Crown of Italy is conferring the right to wear it, was dispatched to Blanther, who was then a lieutenant in the Thirty-second Infantry Regi-ment of Austria. Blanther arrived in the United States about ten years ago and re-sided in Chicago and numerous towns in Florida. The Starting Machine, Which Will Also Be Used at Indianapolis, a Success at Nancy Hanks's Town.

Special to the Indianapolis Journal. TERRE HAUTE, Ind., May 19 .- The attendance at the second day of the running races was much larger than yesterday, but the track was muddler because of an allnight rain. The prospect is for good weather the remainder of the week. The attendance is ahead of the first two days any of the famous trotting meetings held on the track. In the first race Eli was To-day was Charley Thorpe's day, for ou the favorite at 3 to 2; Extra, 2 to 1; Selma, 10 to 1; Hattie Bellew, 15 to 1. In the fourth race Ed Gartland was a strong favorite, as was King Bors in the fifth. The betting was light. Burrell, who rode three winners yesterday, won with Extra and Mrs. Morgan to-day. Twelve well-known Terre Haute gentlemen will ride a supplementary race Thursday, the horses to be furnished from the stables of runners on the grounds. To-day's summaries:

First Race—Six and a half furlongs. Extra first, Selma second, Mattie Belle third. Time, 1:24\\(\frac{1}{2}\).

Second—Five furlongs. Santa Cruz first,

The Machine a Success. The bangtails have caught the public favor in Terre Haute, as will no doubt be the case in Indianapolis. There is no longer a tiresome wait between the dashes, as has always been the case with the runners before the new starting machine was patented. The fields at Terre Haute on both days have got away with only a few minutes wasted at the post. Much of the delay that has been caused has been due to the horses being green in facing the machine. There is nothing intricate about the machine, and it can be operated at any point on the track, according to the distance that is on the programme. It consists of a piece of rubber which is stretched across the track in front of the horses. When all are lined up and in good position the starter pulls a lever and the field is away. There is no possible, manner in which the horses can be interfered with,

the lever releasing the rubber without noise, except it be a slight whizzing sound, hardly perceptible.

The officials who have charge of the races in Terre Haute, and who will have charge of them here, have proven themselves very capable. Presiding Judge Rankin is quiet and goes about the stand saying little, but keeping his eyes on every movemnt of the horses and jockeys. Starter Farley will have the jockeys, unfamiliar now with the starting machine, educated in another day, and the horses will also be used to lining up before the rubber. By next week a great line can be secured on the various horses and their performances, and everything will be smooth sailing so far as operating the races are concerned. The Indianapolis Driving Club has gone to a heavy expense to give to the race patrons of Indianapolis this week of the runners. It has arranged for half fares on all of the railroads for the week's meeting, which will be inaugurated Monday, May 25.

AT OTHER TRACKS. Harlem Stakes at Morris Park Won by

Beldemere. NEW YORK, May 19 .- To-day's racing at Morris Park was well attended, fully five thousand being present. The contests were not of a high order. There was a complaint over the finish in the first race, when Abuse was beaten at the post by Gold Crest. Abuse was an odds-on choice, and led up to the turn by a small margin, and then took a commanding lead, and it looked as if it were all over. It was not, however, for Hamilton brought Gold Crest out of the rear ranks with a tremendous rush and nipped Littlefield at the post amid the howls of the spectators. Littlefield got a talking to by the stewards. In the second race conferred. This was in November, 1881, and in obedience to the royal will the golden in signia of the order, the double-headed eagle of the House of Savoy, and a patent it was thought that Royal Rose could not be besten. Results at St. Louis. ST. LOUIS, May 19 .- A sloppy track and

prospects of rain drew less than 1,000 people to the fair grounds to-day, but the betting was active. Two favorites, two seconds and an outsider won, and, considering the conditions, pretty good time was made. Seven regular and two field books drew in. Gath, who opened at 5 to 1 and was hammered to 13 to 5, proved himself to be a mud lark par excellence. In the first race he got off last, but won, driving, by a nose from Johnny McHale. In the fourth event, a handleap, David, a hot favorite at 4 to 5, won easily in a field of three. Sunburst, the favorite in the last race, was beaten by a length and a half by Jane. LOUISVILLE, May 19.-This was getaway day at Churchill Downs and in consequence the fields were small. The attendance, however, was up to previous days. The meeting has been, financially and other wise, a successful one, the fields having been large, with many sensational finishes of five mounts he had three firsts, one sec ond and a third. BANK OFFICIALS INDICTED.

Chicago Man Charged with Fraud

DENVER, Col., May 19. - The federal grand jury, now in session, has found several indictments against bank officials and others, accused of having conspired to defraud depositors in banks in this city which have closed their doors during the past three years. John J. Reithman, president, and John J. Reithman, jr., vice president, Charles M. Clinton, cashler, and Charles Kunzemiller, assistant cashier, of the Germap National Bank, are charged with having falsified figures in the report to the Controller of the condition of that institution on May 4, 1992. It is said that the charges of a more serious nature against these men are being considered by the grand jury. It is also announced to-day that O. E. Miller, of Chicago, has been indicted on the charge of embezzling \$125,000 from the Commercial Nawith having conspired with Miller to deual or company more than 10 per cent. of its capital stock, which was \$200,000. O. E. Miller figured prominently in Denver prior to the panic of 1893. He was and still is the head of the Miller Hernia Company, which handles trusses and other patents for the cure of rupture, and has offices in Denver, Chicago and other cities. Inves-tigation of Miller's financial affairs since the crash of 1893 has developed the fact that his entire indebtedness to the national banks

his entire indebtedness to the national banks of Denver aggregated \$345,000. Of this amount \$192,000 was secured from the Commercial and German (National banks, and the remaining \$153,000 was borrowed from banks that survived the panic. The American National, which suspended recently, is said to have been a loser. Receiver Frank Adams, of the Commercial National, and Zeph T. Hill, of the German National, have been pressing Miller for a settlement, but the truss dealer, who moved his residence to Chicago soon after his financial backers went to the wall, has been standing them went to the wall, has been standing them off with promises to bond his company and square up his indebtedness. Miller floated bonds in Chicago for \$25,000, but not one cent of this money ever reverted to the banking institutions in Denver, to which he was largely indebted. It was on the receipt of the news that he had received the money from his bonding operation that the from his bonding operation that the re-ceivers withdrew all objections to criminal presecution, as they were assured he in-tended to pay. Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily to overcome that

is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is seen in unfortunate wrecks marked "nervous prostration," in every direction. That tired

ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is, therefore, apparent to every one, and the good it will do you is equally beyond question. Remember that

Flood in Minnesota. CROOKSTON, Minn., May 19.-The entire Red Lake river is two feet above high-water mark, and in places is a mile wide. The bridges still hold, but it is impossible to communicate with the south side of the river except by boat. The losses to buildings will be largely among the poorer classes and will be felt keenly. The electric light plant shut down and the water is within four inches of the fires under the boilers at the water works' pumps. The greatest individual loss probably will be to the North Dakota Milling Association; 15,000 bushels of wheat are stored in the elevator and the water stands four feet deep above the floor. The cause four feet deep above the floor. The cause of the flood is in part the bursting of a dam yesterday, which added a tremendous quantilty of water to the already overfull Red Lake river. Red river is also very high.
